EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Robert Curfiss on January 8, 2004.

The application has been amended as follows:

Claims 1, 16 and 31, "6%" have been changed to -- 5% --.

2. The following is an examiner's statement of reasons for allowance:

The rejection under 35 USC 103(a) has been withdrawn in light of applicant's argument that Nesbit teaches away from the combine use of a zinc oxide and "preservative". Applicant also argues and the examiner agrees that the prior art does not provide sufficient guidance to the use of cedar leaf oil in combination as recited by the instant invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
